Guide to a faster, reliable trip that avoids possible crowding: alternate service and the M14A/D

April 26, 2019 – Summer 2020

L service will continue as normal during the busiest times, the main commuting times on weekdays.

On nights and weekends, L service operates around our construction area. This means trains will run less frequently than usual. To help you get around, we're giving you more options in addition to the L by enhancing other subway lines and bus routes.

- Weekdays**
5 AM to 10 PM — Regular L service reducing 8 PM
- Weeknights**
10 PM to 1:30 AM — Reduced L service
1:30 AM to 5 AM — Regular L service
- Weekends**
6 AM to 1:30 AM — Reduced L service

L nights and weekends

Plan to use alternate service to avoid crowding.

Weeknights 10 PM to 5 AM

- Service ramps down at 8 PM to make room for work trains.
- Starting at 10 PM, the L runs every 20 mins between Brooklyn and Manhattan and every 10 mins between Lorimer St and Canarsie-Rockaway Pkwy.

Weekends 10 PM Fri until 5 AM Mon

- Service ramps down at 8 PM Fridays to make room for work trains.
- From 10 PM Friday through 5 AM Monday, L runs every 20 mins between Manhattan and Brooklyn. Between Lorimer St and Canarsie-Rockaway Pkwy, L runs every 10 mins from 10 PM to 1:30 AM on Friday and from 6 AM to 1:30 AM on Saturday and Sunday.

If you take the L

- If you normally take the L within Manhattan, taking the M14A or M14D bus may be faster.
- If you miss an arriving train, it may be faster to take the M14A/D or the M to Brooklyn.
- The L platform will be crowded at times. Please watch your step and look for NYC Transit staff or NYPD for assistance.
- Transfer from the subway to the M14A/D is free. If you swipe into the subway and decide to take the bus instead we have you covered — our team is there to assist.
- The L may be held in some stations, including Union Sq, with the doors open for a few minutes. This is to keep it running on the every 20 minutes schedule.

Enhanced M G 7 and bus options

Because the L will run with reduced service nights and weekends, we're enhancing service on the M14A, the M G and 7 and implementing the new Williamsburg Link buses.

During the busiest hours on weekends, while the L runs every 20 mins:

- M14A/D combined will run every 3 mins
- M every 8 mins
- J every 10 mins
- G every 8 mins
- 7 every 4 mins
- Williamsburg Link every 3 mins

Taking a combination of these other options to and from 6 Av will likely mean a faster trip.

Here's a sample of what a weekend trip could look like:

Destination	L first train during low ridership times (assumes 10 mins wait)	L during busy ridership times (assumes waiting for second train)	Using alternate subway and bus (Williamsburg Link and/or M14)
To Bedford Av	25 mins	45 mins	30 mins
To Myrtle-Wyckoff Aves	36 mins	56 mins	32 mins
To 14 St-Union Sq	14.5 mins	34.5 mins	7.5 mins
To Grand Central-42 St	22.5 mins	42.5 mins	17 mins

Things to remember while you plan your trip:

- To get to Brooklyn, take the M. It's running much more frequently than the L and will be less crowded.
- If you're traveling to Williamsburg, the new Williamsburg Link B91 and B92 buses connect the J M to the Bedford Av and Lorimer St L G stations.
- The M14A/D bus stop is just outside the station, and travels along 14th St. Follow the signs to the street and check out MYmta for arrival information.
