**SOLICITATION TITLE:** 133778 Design, Furnish, Deliver, Install, Configure, Test and Commission Digital Audio Call Recording System

**DESCRIPTION:** The Metropolitan Transportation Authority ("MTA"), by and through MTA Construction & Development Company ("MTA C&D"), will be issuing a two-step Request for Proposals ("RFP") seeking entities interested in providing design-build services for Metro-North's Private Branch Exchange (PBX) digital audio call recording system and radios at 15 sites, and to add redundant tie lines to Metro-North's PBX system at 9 sites. In the first step, MTA C&D will issue a Request for Qualifications ("RFQ") seeking Respondents who are qualified and prepared in all respects to perform the work on schedule and within budget. In the second step, MTA C&D will issue an RFP for the contract to the Respondents determined by MTA C&D to be qualified in the first step. It is anticipated that this contract will be funded in whole or part by New York State grants. This Contract is for upgrading and unifying Metro-North's digital audio call recording system for PBX and radios at 15 sites and to add redundant tie lines to Metro-North's PBX system at 9 sites. There are recorders integrated into the PBX system at 14 Metro-North sites which are Grand Central Terminal (GCT) Core Node East, GCT Core Node West, GCT PBX, Highbridge, Croton-Harmon, Poughkeepsie, 525 North Broadway White Plains, North White Plains, Brewster, Stamford, Bridgeport, and New Haven CCO. The Network Attached Storage (NAS) is at 420 Lexington Ave. The duration of the project is 16 months. The Design-Builder will be required to provide all planning, design, and engineering services as required for the proper and complete design, furnish, delivery and installation of the Project, including the final design of all plans, drawings, and technical specifications to meet MTA C&D's requirements.
